- Ceramic
- Glass
- Plastic, rubber, silicon
- Fiberglass
- Polymer surfaces
- Wood

ENVIRONMENT

- Readily biodegradable
- Phosphate free
- Does not contain phenols
- Bleach free
- Non-corrosive when used as directed

PRODUCT SPECIFICATION

Appearance: Clear liquid

Solubility: 100% in water

pH: <1 (as is)

SUGGESTED DILUTION/DIRECTIONS

Make sure to wear protective gear, including eye protection and rubber gloves. For best results, use Hull & Bottom Cleaner at full strength. Pour Hull & Bottom into a bucket and apply to surface that needs to be cleaned with a brush or apply directly to surface with a chemical resistant sprayer or pump sprayer. Let product soak/dwell for 30 seconds to 5 minutes, depending on degree of dirt, barnacles, scales, rust, or other growth. Brush the surface as needed. Rinse thoroughly with fresh water. Repeat application steps as necessary. If used around metal or delicate surfaces, thoroughly clean the affected area with **DiTEC Boat Soap** or **DiTEC Wipeout**.

SIZES

Gallon (128 oz)

DiTEC believes that the environment is our most precious asset, and we must take personal responsibility for how we affect it. We develop products that are unsurpassed in quality and performance, and meet or exceed the highest environmental regulatory standards in the world.

DiTEC Marine Products certifies that our products are fully compliant with the standards of MARPOL Annex III and MARPOL Annex V. When used as directed, our DiTEC products are not harmful to the marine environment and can be discharged overboard with wash water. We are committed to being the leader in environmental responsibility in the marine industry.
